Deceased was born in Rutherford county, North Carolina, April 3, 1845. At the age of 22 he immigrated to Indiana. When the war broke out he championed the cause of the Southern Confederacy and fought for it for eighteen months, being with Gen. Lee at the time of his surrender. ### Corner Stone of Rich Hill Church Laid.

The laying of the corner-stone of the new Methodist church edifice, costing from \$28,000 to \$30,000, took place here this, Thursday, afternoon, at 2:30 o'clock, says the Review. The ceremonies were in charge of the Grand Lodge of the Masonic order of Missouri, assisted by officers and members of the Rich Hill lodge. Thursday being St. John's Day, it had special significance and the ceremonies were interesting and impressive.

The business houses were decorated and closed from 2 to 4 o'clock for the occasion.

The plans for the new church edifice were drawn by Architect Williams of Kansas City. The building is of modern design and along the lines of a library plan of architecture. In the front will be three large doors and five windows. The front will be ornamented by four large columns. The estimated cost will be from \$25,000 to \$27,000. It will be one of the handsomest church edifices in this section of the state.

The Methodist Episcopal church here was organized in September, 1880, and a small frame church building was erected. John D. Wood was pastor and Peter Kiltz contractor. In 1889, a \$10,000 brick building was erected, Rev. S. Shangle being pastor of the church at the time. This structure was destroyed by fire in 1909. It was rebuilt immediately at a cost of \$20,000 and Sunday noon, November 30, 1910, this structure succumbed to the flames. In February the building committee announced the plans for the erection of the new church edifice to occupy the present site on Park avenue.

Beauty Secrets for Women

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and dragging pains. Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send 10c for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

## A Word to Lovers of Music and Home

Before you purchase your phonograph, hear the Claxtonola. Do not buy an instrument simply because it is widely advertised, or has a peculiarly shaped cabinet, or claims to be the "cheapest phonograph on the market." When you buy a phonograph buy a good one. Buy one that is chosen when heard in critical comparison, and that will give to you, your family and friends, a lifetime of the keenest pleasure, entertainment and enjoyment.

### Union Labor Running True to Form.

Because the eighth Kansas district of the Epworth League elected John Crawford, state labor commissioner, president, a labor paper published in Topeka, proposes a boycott against the League because it is unfair to labor and calls upon the laboring men to refuse to attend the prayer meetings of the organization or to permit their children to attend them, or to become members of the order until the League reforms and changes its attitude. And the labor unions claim to be making a fight for personal liberty.
